JUBILEE

FLORAL
CATALOGUE

NANZ
&
NEUNER
INCORPORATED.

LOUISVILLE,
KY.

SEEING IS BELIEVING!

Therefore, a Trial Order will convince you that we have only stated True Facts, whereby we are assured of future orders.

DEAR PATRONS:—1900 being our Jubilee year, we once more come to you in a new dress with new GOODS and good NEWS. On looking back just one year, since our bulb catalogue was brought to your door by our patient and willing Uncle Sam, we find many changes have taken place. Some of us have prospered, whilst others found reverses, but we trust there are very few of the latter. To those that have fared well we feel certain they will need a few flowers to gladden their hearts this coming winter, for there is much pleasure derived by cultivating flowers indoors as well as out of doors. To those who have not fared so well, to cultivate a few bulbs or plants indoors will cost but a trifle; but what happiness does one derive from same. All that is needed is a little patience during the long hours when one is compelled to remain indoors, but such a lesson to learn is worth ten times the purchase price. We therefore feel that we can expect to hear from you and that our efforts have not been in vain nor catalogue mis-sent.

Our importation of **Holland, French and other foreign bulbs and plants** promises to be finer than ever.

Premiums and Collections for those who are not so well acquainted with the Varieties of plants in general.

For the benefit of those who love and care to cultivate flowers indoors during the winter, and who do not have enough space or care to grow many of one kind, we submit collections large and small within the reach of all, containing a variety of bulbs, plants, etc., which will bloom and thrive during the winter, and which will give pleasure and satisfaction beyond expectations. And as these collections are intended mostly for those not well acquainted with same, we selected such varieties only which will prove what you desire and of easy culture.

\$1.00 EACH.

All plants will be labeled, but the selection of varieties is invariably ours at these rates. Large plants by express, small plants by mail.

1. One Camellia, two Azaleas.
2. One Abutilon (dwarf), one Achania, one Winter-blooming Geranium, one Heliotrope, one Lynum Trignum, one Star Jessamine, one Primrose, one Cineraria Hybrid.
3. One Viburnum Tinus, one Yellow Jessamine, one Catalpaian Jessamine, one Eupatorium, one Euphorbia Jacquiniflora, one Bouvardia.
4. Three Primroses, three Bouvardias, three Heliotropes, three Winter-blooming Geraniums, all assorted colors.
5. Six best Winter-blooming Roses, all different colors.
6. Eight best Ornamental Ferns for house culture.
7. Six Winter-blooming Carnations, two Calla Lilies.
8. Six Winter-blooming Begonias, six Primroses in various colors.
9. Three Jessamines, three Bouvardias, three Winter-blooming Carnations, three assorted Winter-blooming plants.
10. Ten Hardy Shrubs, which can be planted in the open ground at once.
11. Ten Hardy Perennial Plants for the open ground.
12. Twenty-five Strawberries in five best sorts.
13. Eight Grape Vines, assorted.
14. Ten small Fruit Plants, assorted kinds, as Raspberries, Blackberries, Currants, etc.
15. Six Japanese Lilies, all different, hardy.

ALL THE DOLLAR COLLECTIONS NAMED IN SPRING CATALOGUE CAN BE FURNISHED AT ANY TIME FOR FULL ASSORTMENT, SEE SPRING CATALOGUE.

IDEAL COLLECTION, \$1.25.

To encourage the culture of bulbs we offer the following assortment for \$1.25. We guarantee bulbs to be A No. 1, which will give satisfaction. We only make this offer in order to introduce these bulbs to those who failed to give our bulbs a trial. We will convince them that our stock is second to none offered in this country.

| | 6 Fine Winter-blooming Roses, assorted colors. |

HINTS FOR CULTURE.

BULBS IN THE GROUND.—Hyacinths and tulips should be set out in the open ground from middle of October to December. They may be planted in ribbons or solid beds of one color, or beds composed of well designed combinations of colors representing artistic devices without limitation. A very usual course in making beds is to remove three inches of surface soil where the bed is intended to be and arrange the bulbs on the freshly exposed surface, placing them six inches distant from each other, which, when done to satisfaction as to shape of design and arrangement of color, the soil is replaced just covering the bulbs out of sight. The only real enemies are frost and mice. Protection against frost can be obtained by covering the beds with four or five inches of leaves, kept in place by the weight of a few light sticks or branches of evergreens, the covering remaining till early spring, when it must be removed, as the hyacinths will be two inches above ground before frost is out of exposed places.

CULTURE OF HYACINTHS IN POTS OR BOXES.—Hyacinths, tulips, crocus, freesias, etc., give very general satisfaction when grown in the house in pots or boxes filled with earth. They are very easily managed. The boxes or pots should have perfect drainage; the soil may be any good variety, preferably in sandy loam. After planting, place the boxes or pots in a dark, cool place for a couple of weeks, until the roots are well started, then gradually bring them to the full light and water freely.

Notice. Please read before Ordering.

FREE BY MAIL OR EXPRESS.—We will send all Dutch bulbs and seeds, PREPAID, to any post-office in the United States at the annexed prices. Except where noted shade and fruit trees and shrubs and other heavy articles are sent by freight, boat or express, at the expense of the purchaser.

PLANTS.—Small plants sent free by mail. Large plants for winter-blooming can only be sent by express. Buyers must pay charges. Gratis plants are added to help pay express charges.

C. O. D.—We will send goods C. O. D., if party is known to us, otherwise a remittance must be made with order to cover express charges.

FORWARD MONEY WITH THE ORDER.—To insure prompt execution of the order please send money with the order. Remit by money order, check, draft, express, or by registered letter. Deduct cost of sending money from amount of order. All checks and drafts to be stamped.

NOTICE.—We mail notice of all shipments made by express or freight on the day of shipment.

PLEASE WRITE YOUR ADDRESS IN FULL AND PLAINLY.—It will prevent delay, etc.

PREMIUMS.—Orders are filled liberally, and premium plants, bulbs, or seeds are always added, gratis, to help pay express charges.

ERRORS.—If any error has been made in filling order please notify us promptly, and mistake will be corrected at once without further expense to buyer.

Have your Plants and Bulbs SENT BY EXPRESS.

We can send you larger articles and they will reach you in better condition than by mail.

If other articles or information are desired, we will mail our illustrated catalogue free to all applicants, containing a full list of trees, shrubs, vines, plants, seeds, bulbs, etc.

NANZ & NEUNER'S GREATEST PRODUCTION,

The New Seedling Rose Winnie Davis.

New roses are being constantly offered to the public both of foreign and American origin. We regret to say, however, that few are worthy of culture and in the course of a season or two are discarded, not proving to be as represented.

Our Winnie Davis

However, is different; a trial will convince you to this effect. In 1897 we had the good fortune to raise this excellent rose from seed, being a cross between the famous Empress Augusta Victoria and the well-known Belle Siebrecht, a combination of strength, vigor, color and flavor. Its merits of which we bespeak are beyond a question well deserved, as we have given this new rose fair trials both out of doors as a garden rose, and under glass as a fine forcing rose.

The color is apricot pink, shading to flesh tint at base of petals, buds oblong and well formed; when fully expanded resembles a sunburst, most peculiar, and most strikingly beautiful. Its habits are vigorous and robust, very free blooming, each eye producing flowers; foliage leathery, reddish green, glossy and very large, also has the disposition of the Empress Augusta of throwing up vigorous shoots from the roots, producing 3 to 8 blooms, its peculiar fragrance like luscious apricots. For the Middle and Southern states we claim the WINNIE DAVIS to be an acquisition second to none introduced in recent years. For forcing under glass we have been convinced that it will pay better than many other varieties, as a trial of 500 plants planted in benches have proven that it produces 25 per cent. more blooms than any other pink rose in existence, also the cut flowers sell for 50 per cent. more than others. This fine rose should be in every one's garden and collections, therefore, we offer this rose to the public for the first time at a reasonable price, within the reach of every one. Strong, thrifty plants, 2½-inch pots, 50 cents each. Two year stock plants, \$1 each.

ALL ROSES GROWN ON THEIR OWN ROOTS.

Finest Imported Dutch Hyacinths. First Class Bulbs.

DOUBLE HYACINTHS. (Named.)

The VERY EARLIEST are marked thus **; the early*. These are suitable for growing in pots and glasses, but are not quite as early as the single; are also the best adapted for early forcing. All varieties will flower equally well in pots or the open border. We only name the choicest varieties and best bloomers producing the finest spikes of flowers.

Tulips.

Roman Hyacinths.

everything in sight, we caudly say our stock is of the very best, as quality and not quantity is our motto. Therefore, you will do well to make your selection, or, if preferred, leave it to us; we will select nothing but A No. 1 varieties and sizes.

COPYRIGHTED BY A. BLANC, 1891.

Tulips

Tulips are such popular flowers that we do not think it worth the while to go into details in describing them. Every man, woman and child is acquainted with this beautiful, showy, spring flower. The tulips are well adapted for house culture as well as for outdoor purposes. Can there be found more gorgeous colors in flowers than in the tulip? What is more pleasing to the eye as well as the soul than to have a few pots filled with these precious plants in full bloom during the winter, when on the outside everything is apparently dead and dreary? Now, what can please one more, after being housed up for three or four winter months, to stroll out in the garden to behold a bed of these gorgeous flowering tulips? The tulips are the first flowers to show their beauty in spring; after they have made their appearance other kinds follow closely in their footsteps. Nanz & Neuner's stock this season will be the very best in the market: whilst we may not purchase

Chinese Sacred Lily

Crown Imperial.

This is an old favorite; blooms very early in the spring; has a stem about two or three feet high, producing near the top a crown of beautiful pendent, bell shaped flowers. It is perfectly hardy and succeeds everywhere. Bulbs are large, weighing from eight to eighteen ounces each.

	Each.
Single red	\$0 25
Single yellow	25
Crown upon crown, orange red	25
Orange crown	25

Crocus.

The crocus is used for edging beds, or is planted in lines along the edges of walks or in clumps on the lawn. The effect is fine if the colors are nicely arranged. They prefer a sandy soil. They can also be grown in pots, baskets, or dishes. Plant several in a pot at different times, for a succession of blooms.

Large white	10	75
Large striped	10	10
Large purple	10	75
Large yellow	10	75
All colors mixed	10	75

Called by the natives "Jos Flower," or "Flower of the Gods," and universally grown by them in dishes of various shapes and filled with pebbles and water; the flowers are very fragrant, pure white and yellow, and are borne in clusters, on stiff spikes; they can be grown in pots of sandy soil if desired, and kept bountifully supplied with water when growing. We are importing our bulbs direct from China, and consequently they are all of the true variety. Fine for forcing, flowering in six weeks after planting; each, 15c; per dozen, \$1.50. \$3 per 100.

Bulbs bought at 50 or 100 rates, the purchaser to pay the charges on same.

Large Flower Freesia.

Freesias.

A bulb splendidly adapted for winter blooming. Plant five or six in a pot; bloom finely from February to April; each, 3 cents; 12 for 25 cents; 100 for \$1.25.

Lillies.

The best varieties for our climate, white have stood the test for a number of years, are described and priced on a page of our retail catalogue. We only desire to call especial attention to our so-called Bermuda Lily, or Lilium Harrisii. It is the most popular and valuable variety for pot culture and winter blooming. If potted in September in good sandy soil, you can have the lily in bloom by Christmas, and by starting a few bulbs at intervals of three or four weeks, a succession of blooms may be had for a long time. Thousands are used for church decorations at Easter. We have extra strong bulbs fit for pot culture;

Harrisii or Bermuda Lily.

sure to bloom, at 25 to 35 cents each, or \$2.50 and \$4.00 per dozen, according to size. Are also perfectly hardy and will do well out doors in middle and Southern States.

LILIAM AURATUM. Golden banded lily; extra fine, 25c to \$3.00 per dozen.

L. ROSEUM AND RUBRUM. White and red; showy; 25c; \$2.50 per dozen.

L. CANDIDUM. Old white, garden lily; each, 20c; per dozen, \$2.00.

L. TIGRINUM. Tiger Lily; each, 15c.

Lilium Auratum.

Nanz & Neuner's

General Collection of

Winter Blooming and Ornamental Plants, Vines, Etc.

We would respectfully call attention to the below-mentioned varieties of plants, which are considered the very best for house culture, especially if one has a conservatory or bay window, where such plants are kept with very little trouble and which give great satisfaction. A few of these, with hyacinths or other bulbous plants, will certainly make an attractive window and give a continuous crop of flowers.

Asparagus Sprengeri.

ABUTILONS (Fairy Bells).

Fifteen different varieties; each, 25c; \$2.50 per dozen. See descriptive Catalogue, page 36, for description of the various varieties.

ASPARAGUS TENUISSIMUS.

The grandest acquisition for decorative purposes for the greenhouses, conservatory, or for cutting from that has been offered for years. As a plant for contrast it stands unrivaled. For bouquets or floral decorations it possesses more durability than any of the ferns. Its fine, filmy foliage retains its freshness of beautiful rich green, when cut, for several weeks when stuck in water. 10 cents to 25 cents each; extra large, 50 cents; per dozen \$2 to \$5.

ASPARAGUS CORMORENSIS. This is the most valuable climbing plan ever offered for conservatory or parlor. The foliage of the most smaragd green color, is very durable; it grows also more vigorous than *Asparagus Tenuissimus* and others. Large, 35c; 50c to \$1 each.

ASPARAGUS PLUMOSUS NANUS. A gem in fineness of foliage, growth more compact than *Cormorensis*; equals the Maiden Hair Fern for elegance. 35 cents, 50 cents to \$1 each.

SPRENGERI. A most desirable species, introduced several years ago, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness after being cut for weeks. It will make an excellent house plant as it withstands dry atmosphere and will succeed in almost any position. Good young plants, 15 cents each; \$1.50 per dozen; strong plants, 25 cents each; \$2.50 per dozen; large specimen plants, \$1.00 each.

ARAUCARIA EXCELSA.

(Norfolk Island Pine.)

Without doubt one of the most serviceable plants for house decoration; well adapted to room culture, and attractive in appearance. Beautiful specimen plants, 15 inches high, \$2 each; 18 inches high, \$3; 24 inches, \$5; 36 inches, \$7.50; 48 inches, \$10.

ASPIDISTRA LURIDA.

Curious plants, remarkable for producing their flowers on the surface of the earth. The leaves are six inches long, about 12 inches wide and of a bright green. Well adapted for wardian cases, ferneries, etc.; 20c each.

LURIDA ARGENTEA VARIEGATA. Same as above with silver variegated leaves; very hardy and tough. 25 cents each.

Araucaria.

AZALEA
INDICA

Azalea Indica.

These beautiful plants are deservedly becoming more popular every season for window and conservatory decorations. The ease with which they can be grown, their diversity in color, and freedom of flowering will always keep them in public favor.

The plants we offer are all beautifully trained specimens and even when not in flower are fine decorative plants. Our collection comprises the cream of the best Continental establishments; all the sizes offered will flower freely in proper season.

Our collection embraces all the leading colors, including crimson, white, rose, pink, variegated, blood-red, etc.

First size, 36 to 45 inches in circumference, \$1.50 each.

Second size, 36 inches in circumference, \$1.00 each.

Third size, 30 inches in circumference, 75 cents each; \$7.50 per dozen.

Good bushy young plants, 50 cents each.

An extra fine lot of specimen plants, 4 to 5 feet in circumference, \$5.00 each.

CLERODENDRON BALFOURI.

A house plant of great beauty. The flowers, which are of a bright scarlet, are incased by a bag-like calyx of pure white. The trusses of panicles of flowers are upward of six inches in width, and when trained upon trellises and hanging down have a rich and elegant appearance. 10 to 25 cents each.

SPECIOSA. Same as above only in the red instead of white calyx. 10 cents to 25 cents each.

FRAGRANS. (Volkamaira.) Shrubby variety, with deliciously sweet-scented flowers; double blush. 25c each.

BOUVARDIAS.

Single Bouvardia rosea Multiflora.

Shrubby plants, with corymbs of white, rose, crimson and scarlet flowers, blooming during the autumn and winter. Their dazzling richness of color makes them one of the most useful of our winter-blooming plants.

ALFRED NEUNER. Flowers composed of three perfect rows of petals of the purest waxy white color.

DAVIDSONI. The best of the single white varieties; sometimes delicately tinged with pink.

ELEGANS. A fine single red variety; very free-flowering.

PRESIDENT GARFIELD. Double pink.

ROSEA MULTIFLORA. Beautiful shade of salmon-rose; very free blooming.

Price, 15 cents each; large plants, 25 cents each.

Our Collection of Blooming Ornamental Leaved Begonias.

Blooming Ornamental Leaf Begonia.

Beauty and richness of color, combined with so many different shapes of the leaf, and an endless variety of markings, and easy of cultivation, they stand unrivaled for beauty and elegance in a conservatory, or as a house plant. They should always be kept shady, moist and warm. Excellent for basket and pot culture. Each, 15 cents, except where quoted; \$1.50 per dozen. Extra large plants, 25 and 50 cents.

CINERARIA HYBRIDA.

Our strain of Cineraria can not be surpassed either for size of flowers or beauty of color. Many of the blooms measure 3 inches in diameter. We have received very flattering reports from florists and private gardeners of their success with our Cinerarias. Fine young plants ready October 15th. 10 cents each; \$1.00 per dozen.

CAMELIA JAPONICA

JAPONICA. The royal family of greenhouse plants, leaves glossy green and flowers of the most exquisite beauty and waxy texture, from pure white to crimson in almost endless variations. Our collection is very fine. According to the size and number of buds, 50 cents, 75 cents and \$1 to \$5 each. Small mauling plants, \$3.50 per dozen, 35 cents each.

CARNATIONS.

For Winter Everblooming.

The rose, the chrysanthemum and the carnation are considered a staple article to the florist and all lovers of flowers. What collection of plants would be complete without the carnation? And such a variety one can scarcely describe. We have an unusually fine stock of same and the latest varieties especially adapted for winter blooming. Large plants from field.

**Carnation Flora Hill.
WHITE FLOWERING.**

Alaska, Armazindy, Lizzie McGowan, Kohinoor, Silver Spray, Puritan, Floral Hill. Large plants, 20c each; \$2 per dozen.

PINK FLOWERING.

F. A. Wood, Edna, Craig, Daybreak, Rose Queen, Sweet Briar, Mad, Diaz, Albertina, Tidal Wave, Wm. Scott. 20c each; \$2 per dozen.

CRIMSON AND SCARLET.

Anna Webb, Crimson Coronet, Jacqueminot, Wabash, W. W. Coles, Jubilee, Triumph, F. Dorner. 20c each; \$2 per dozen.

SCARLET.

Portia, E. G. Hill, F. Dorner, Red Cross, W. W. Coles, Philadelphia. 20c each; \$2 per dozen.

VARIAGATED AND FANCY.

Major Pingree, Buttercup, Mrs. Geo. M. Bradt, Helen Keller, Chester Pride, Nellie Lewis, 25c each; \$2.50 per dozen.

PINKS.

Hardy Scotch.

Alba Flmbriata, Claude, Juliet, Snow, Rosa, 10c each;
\$1 per dozen. Large clumps, 20c each; \$2 per dozen.

CALLA LILIES.**Dwarf Calla Lily.****WHITE.**

LILY OF THE NILE. Pure white, large; splendid flower;
30 cents each; per dozen, \$3.00.

DWARF CALLA. Little Gem; 25 cents each.

BLACK.

ARUM SANCTUM. A rare specie from the Holy Land. The flowers are about fourteen inches long from tip to base, and about four inches broad at the widest part, gracefully curving to a small point. They have a strong violet-like odor, are a deep, velvety purplish maroon—almost black—on the upper side and moss green underneath. From the center of the flower springs a spike ten inches long, of the most intense glossy black. Price, 50 cents each, for strong plants started in pots; medium, 35 cents each.

CHRYSANTHEMUMS.

The Queen of all Flowers is the Chrysanthemums. We are headquarters for same. Can furnish the whole South if needed.

Undoubtedly the most satisfactory plants. What gives most satisfaction and show, especially in November and December? We carry an immense stock and nothing but the latest and best varieties. See Plant Catalogue, pages 29 to 32. Plants in 4-inch pots, 35 to 50 cents each; large show specimen plants, \$1 to \$3 each. Single stem for exhibition purposes, 25 to 50 cents each.

GIANT PERSIAN CYCLAMEN.

These are among the most beautiful winter and spring flowering plants for the window and green house. Not only are the flowers of striking beauty, but the foliage is also highly ornamental. The colors range through shades of pink, crimson, white, spotted, etc. Most of them are, moreover, delicately fragrant.

Flowers of extraordinary size and of great substance. The leaves are proportionately large and beautifully marked. Price, each, 35 cents.

EUPHORBIA.

SPLENDENS. A splendid house plant. 35 cents each.

CYPERUS OR UMBRELLA PLANT.

ALTERNIFOLIUS. A grass-plant, throwing up stems to the highest of about two feet, surmounted at the top by a cluster or a whorl of leaves, diverging horizontally, giving the plant a very curious appearance. A splendid plant for the center of baskets, vases or warden cases, or as a water plant. 10, 25 and 50 cents each.

ALTERNIFOLIUS ARGENTIUS VAR. Beautiful silvery variegation of half the leaves and half the stem. 25 cents and 50 cents each.

ANTERNIFOLIUS GRACILIS. Very neat and compact growth; will not grow over eighteen inches high and therefore for ferneries, etc., well adapted; a little gem. 10 to 20 cents each.

DRACAENA.

(DRAGON TREE.)

Beautiful ornamental leaved plants, much used for centers of baskets and stands. They prefer the shade.

AMABILIS. Foliage green, white and pale violet. 50 cents to \$1.

BRAZILIENSIS. Broad leaved, dark green; very ornamental. 25 cents each.

BAPTISTIL. Green, creamy white flakes, flushed with rose. 50 cents each.

DRACO. The true "Dragon's Tree," and a superior decorative species, one of the best plants for the house. 25 cents to \$1 each.

HYBRIDIA. Another fine ornamental foliage plant, with deep leaves ten inches in length by three in breadth, which as the plant attains age becomes suffused with deep rose and creamy white. 25 and 50 cents to \$1.

INDIVISIA. Green and bronze, narrow leaves. 15 to 35c.

RUBRA. Green, purple shaded, robust. 15 to 25 cents.

TERMINALS. Rich, crimson foliage. This is the showiest of the Draecenas, very ornamental as a parlor plant or in rustic baskets, etc. 15 to 50 cents.

MARGINATA. Narrow leaves, green, red, bordered, very symmetrical. 25 cents.

FERNS.

No collection of plants is complete without Ferns. The selection we offer embraces the best varieties of this beautiful class of plants, whose diversity and gracefulness of foliage make them peculiarly fitted to combine with other fine plants and flowers.

The popularity of Ferns has increased wonderfully in the past few years, and they are now indispensable in all choice floral decorations, and are especially valued for ferneries for room and table decoration. Where there is moisture and shade most of the varieties succeed well when planted out-of-doors; they delight in a light soil mixed with sand and peat or leaf mould; good drainage must be provided as stagnant water is fatal to success.

For the want of space we are unable to list our splendid list of Ferns; however, we beg to refer to our Illustrated Catalogue for same; if none at hand we will gladly mail copy free. Strong healthy plants for winter decorations, 25c to \$1.00 each, according to variety and size.

A CHOICE NOVELTY FROM JAPAN.

LITTLE JAP FERN BALL.

(Davaillia Bullata.)

For the Window, Drawing-room, or suspended from the Chandelier over Dining-table, or used in Fern Dishes.

This little beauty is an importation from Japan, direct to us, and is certainly the finest addition to the fernery yet introduced. It comes in a dormant condition and is a most satisfactory house plant, needing little care and sure to live and thrive. After watering they start in to life and in a short time are covered with a mass of beautiful green ferns. They should be allowed to dry up in November and rest until January or February, and may then be started by watering as before. When growing they should be watered two or three times a week. They may also be cut in halves and used in a fern dish. Ready for delivery about 15th of November. 1st size, \$2.00 each; 2d size, \$1.50 each; 3d or small size, \$1.00 each.

**PTERIS TREMULA.**

(SHAKING FERN.)

The foliage of the Pteris varieties is large; very graceful. The slightest movement of the air shakes the leaves on this kind, which we recommend more than any other for house culture, etc. It grows readily and very fast. Keep the leaves from dust and sprinkle slightly every warm day. Large plants, two feet high, 25 to 50 cents; small, 15 cents each; \$2.00 per dozen.

ARGYREA. The inner half of leaves silvery white, very beautiful; should be in every collection; grows from fifteen to eighteen inches. Per dozen, \$2; 10, 25 to 50 cents each.

NEPHROLEPIS EXALTATA BOSTONIA. In our estimation this variety is the finest of all the Sword Ferns; it is of free, strong-growing, compact habit, attaining when fully grown a height of two feet. The

**Adiantum argyrea (Silver Fern.)**

fronds are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. For a house culture or for window gardening, we do not know of any other variety that would give the same satisfaction and which we could recommend so highly. We offer three sizes: 3-inch pots, 25 cents each; 4-inch pots, 50 cents each; 6-inch pots, \$1.00 each; specimen plants, \$2.00 to \$3.00 each.

FARFUGIUM GRANDE.

FARFUGIUM GRANDE. A valuable foliage plant for shady places or conservatory. It has beautiful dark green leaves, with large yellow spots, 15 to 25 cents each.

ARGENTEA VARIEGATA (called *Liquillaria* by some). Same as above, silver variegated foliage; 50 cents each.

FICUS ELASTICA.

INDIA RUBBER TREE. From the East Indies, foliage large, dark green, shining. This plant has no superior as a house plant; very ornamental. Small plants, 35c each. Plants eight to twelve inches high 50c each; larger, 75c to \$2 each.

FICUS LANCIFOLIA. Long, lance-shaped leaves, 15 to 50 cents each.

NINITA. A dense, compact, growing sort; very vigorous; will grow to great size in a few years. 25 to 50 cents each.

PARCELLI. A splendid decorative plant with beautifully variegated foliage. The leaves, which are of large size, thin texture and coarsely serrated on the margins are of bright green color, profusely but irregularly blotched with creamy white and dark green; 50 cents each.

**Ficus elastica.****GERANIUMS.**

GERANIUMS. A good collection of winter bloomers, 15c each. For description, see spring catalogue.

HELIOTROPE.

HELIOTROPE. Especially grown for winter blooming; 15 cents each. For description see spring catalogue.

IVIES.

IVIES. English ivies for parlor or window training; 25c each; large plants 50c to \$1.00 each.

JASMINUM.

GRANDIFLORUM. (Catalonian Jessamine). A valuable winter-flowering plant, blooming without intermission from October to May: the flowers are pure white, most deliciously fragrant. 10, 25 to 75 cents each.

GRAND DUKE. Flowers double, white, like miniature white rose; deliciously fragrant. 10, 25 to 75 cents each.

MULTIFLORA. This is one of the best of all jessamines: a constant bloomer; flowers of the purest white, on wreath-like branches; very sweet. 10, 25 and 50 cents to \$1.

REVOLUTUM. Fragrant yellow jessamine, rapid grower. 10, 25 to 50 cents.

TRIFOLIATA. An improved variety of the Grand Duke Jessamine style; very free bloomer, very fragrant and double white. 10, 25 to 50 cents.

CAPE JESSAMINE—GARDENIA FLORIDA. The large flowering sort of this exquisitely fragrant flower, also the dwarf (*Radicans*); prices same, 10, 20, to 50c each. N. B.—Prices of extra large plants, of all sorts of jessamines given on request.

JUSTICEA.

JUSTICEA, BLUE. A beautiful plant when in bloom; it throws its flowers in clusters and blooms for a considerably long time in winter and early spring. The flowers are of a most beautiful and rich shade of intense ultramarine blue.

JUSTICEA, BICOLOR. This plant is in bloom nearly all the year. The flowers are star shaped, white tipped, crimson maroon and resemble some species of orchids, 15 cents.

JUSTICEA CORNEA AND ROSEA. Good plants for house and blooming winter and summer. Red and rose. 10 to 20 cents.

ORCHIDS.

We have a good collection of these fine and rare flowers which are intended for winter culture. Any one having a conservatory can be very successful with same; from \$1 to \$3 each.

POINSETTIAS.

DOUBLE-FLOWERING. The bracts of this new kind are gathered into clusters, which fill up the center. It is strikingly gorgeous, of a most brilliant and vivid scarlet color; 25 to 50 cents each.

PULCHERRIMA. A tropical plant of gorgeous beauty, the bracts or leaves that surround the flower being in well grown specimens one foot in diameter and of the most dazzling scarlet. In a hot house temperature of sixty degrees, it begins to bloom in November, and remains expanded until February. 25 cents to \$1 each.

C H I N E S E**P R I M U L A**

CHINENSIS. This is the most thankful of all the plants we cultivate for winter flowers, and the most worthy to be recommended for winter gardening. One plant will yield several hundred flowers; one of the most valuable and beautiful plants in cultivation.

Finest of varieties in pink, white and kermesine. 15, 25 to 40 cents each.

PRIMULA OBONICA, or Baby Primrose.**Primula Obonica, or Baby Primrose.**

A lovely perpetual blooming primrose and admirably adapted to growing in a cool greenhouse. The flowers are not large, but are profusely borne in loose trusses and are of a delicate rosy lilac, shading to white, and possesses the true primrose fragrance. It is in bloom fully nine months of the year and some plants have kept up a succession of bloom during the entire season. 10c each; large plants, 35c to 50c each.

PALMS.

palm Kentia (Bismoreana.)

Palms are now indispensable in all decorations, whether for department conservatories or for tropical bedding in the summer. The large demand the past few years has induced us to considerably increase our facilities for propagating and growing this class of stock, and we have now two of our largest houses devoted to their culture alone, which enables us to supply all the leading and popular varieties at most reasonable prices.

ARECA LUTESCENS. One of the most valuable and beautiful palms in cultivation; bright, glossy green foliage and rich, golden yellow stems; each, 50c to 75c, \$1 to \$2.

ARECA MADAGASCARIENSIS. Each, 50c to \$1.

ARECA SAPIDA. A strong upright growing variety, with dark green feathered foliage; each, \$1 to \$3.

CHAMEDORA ELEGANS. A pretty decorative variety, with deep glaucous green foliage; each, 50c to \$1.

CHAMEDORA EXCELSA. A handsome fan palm, of rapid, easy culture; each, 25c, 50c to \$1.

Areca Lutescens.

Cocos Weddelliana.

Ing palm, with deep green crisp foliage, each, 20c, \$1 to \$5.

KENTIA FOSTERIANA. One of the finest of the Kentias, with graceful bright green foliage. Each, 50c, \$1 to \$5.

Latania Borbonica.

LATANIA BORBONICA (Chinese Fan Palm). The most desirable for general cultivation, especially adapted for centers of baskets, vases, jardinières, etc.; each, 50c, \$1 \$2, \$3, to \$5.

PHOENIX RECLINATA. Beautiful reclinate foliage. Each, 25c, 50c to \$2.50.

PRITCHARDIA FILAMENTOSA (Filifera Palm). The leaves are palmated with numerous divisions and whitish filaments; a beautiful palm; each, 50c to \$2.

PHOENIX DACTYLIFERA (Date Palm). Each, 25c, 50c to \$1.

SEAFORTHIA ELEGANS. One of the very best for ordinary purposes; of graceful habit and rapid, easy growth, each 50c to \$1.

N. B.—We can furnish small mailing plants of Kentias, Lantanas, Pritchardias and Phoenix at \$1.50 per dozen; each, 15 cents, from 3-inch pots. Try them.

STEPHANOTIS

FLORIBUNDA

An evergreen greenhouse climber, with deliciously fragrant white flowers. 15, 25 to 50 cents. One of the best plants in cultivation. Large specimen plants, \$1.10 each.

PANSY. (Heart's-ease.)

One of the finest everblooming plants for outdoors. It will stand some frost, can be planted out and will bloom when there is hardly any other flower in bloom. The plants we offer come from the very best German and French seeds. We offer extra select large-flowering varieties at \$1 per dozen, or \$5 per hundred in pot grown plants which are far preferable to plants from frame. Good plants from frame, 50c per dozen or \$3 per hundred; young plants, 25c per dozen; 2 for 10c.

We can supply in separate colors, white, blue, yellow, bronze, etc.

We sold 100,000 pansies last spring. If you want good large flowers, plant early. This is important. In above large-flowering sorts we understand French Trimardeaus, Giant, Odier, Bugnots, Spotted Carriers, etc., etc. We can furnish you thirty plants of any of the above sorts for \$1.

PANDANUS. (Screw Pine.)

UTILIS. Called Screw Pine from the arrangement of the leaves on the stem. Excellently adapted for the center of vases and baskets, or grown as a single specimen, a beautiful plant. 25c, 50c to \$3 each.

JAVANICA VARIEGATA. Leaves green, with broad stripes of pure white, gracefully curved. 50c, \$1 to \$3.

VEITCHII. Broader leaves and finer variegation than above; extra. \$1, \$3 and \$5 each.

SANSEVIERA-ZEBRA PLANT.

Sansevieria Zealanica.

SANSEVIERA ZEALANICA.

An elegant variegated plant, especially adapted for house decoration, the thick leathery leaves standing the heat and dust of the house with impunity. 25 cents to \$1 each.

VIOLETS.

Double Violet Lady Campbell.

This is one of the most popular flowers in cultivation, one of the most fragrant flowers in existence; so popular has the flower become that florists through the country have invested thousands of dollars in greenhouses for the exclusive cultivation of this sweet flower. The violet has become one of the ultra fashionable flowers during its blooming season. Millions of them are sold monthly. The most popular varieties in cultivation are:

THE CZAR (OR RUSSIAN VIOLET). Very large, deep blue, with long, stiff stems; blooms early in spring; each 15 cents. (Single.)

MARIE LOUISE. Double blue, very fine bloomer; each, 15 cents.

Single Violet The California. One of the first to bloom and longest to stay in the market. Very popular among florists. 10 cents each. (Single.)

THE CALIFORNIA is not an untried novelty. Last season a few thousand flowers were sold in the San Francisco market at ten times the price of Marie Louise and Russian, and this season tens of thousands are being marketed at four times the price of the above. The plants are vigorous, absolutely free from disease. The flowers are single, covering a silver dollar; are intensely fragrant and clear violet purple in color and do not fade out. The stems are long and ten to fourteen inches in length; a single plant produces several hundred flowers during the season. These facts are borne out by the San Francisco floral market. 15 cents each; \$1.50 per dozen.

LADY CAMPBELL New double light blue, a shade lighter than Marie Louise, and more profuse summer and winter bloomer. Very best for all purposes. 15 cents; \$1.50 per dozen.

SWANLEY WHITE. A very large, double white; good grower and bloomer. 15 cents each. Extra large field grown clumps for violet frames, 25c each; \$2.50 per dozen.

STEVIA.

COMPACTA. New, dwarf, winter-flowering, white, extra fine, very valuable; grows not more than eighteen inches high. 10 to 20 cents.

RIPARIUM. Fine, white flowering, winter-blooming plant; later than the above dwarf. 10 to 20 cents.

VARIEGATA. One of the most effective silver variegated foliage plants, contrasting well with any other plant. Per dozen, 75c; 10c each.

SMILAX (Asparagoides.)

Surpassed by none in the graceful beauty of its foliage; one of the most valuable for decoration. The secret for growing smilax well in pots is to let it run up on the fine twine or threads instead of sticks; fasten one or more strings to a stick three or four feet high, and the other end of twine to a short stick or to the pot, and you will see the vine spin up fast. It loves plenty of water with good drainage. Per dozen, \$1 to \$2; 10c, 35c to 50c each.

SWAINSONIA GALEGIFOLIA ALBA.

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from twelve to twenty flowers each, the individual blooms resembling a sweet pea. As a decorative plant for the window or conservatory we know of nothing that will give as much satisfaction as the swainsonia. Its easy culture, growing in almost any light position, its freedom of bloom, rarely ever being out of bloom, and the grace and beauty of the flower and entire plant will undoubtedly make this one of the most popular plants in cultivation. 25 cents each; large plants \$1.00 each.

WANDERING JEW. or TRADESCANTIA REGINAE.

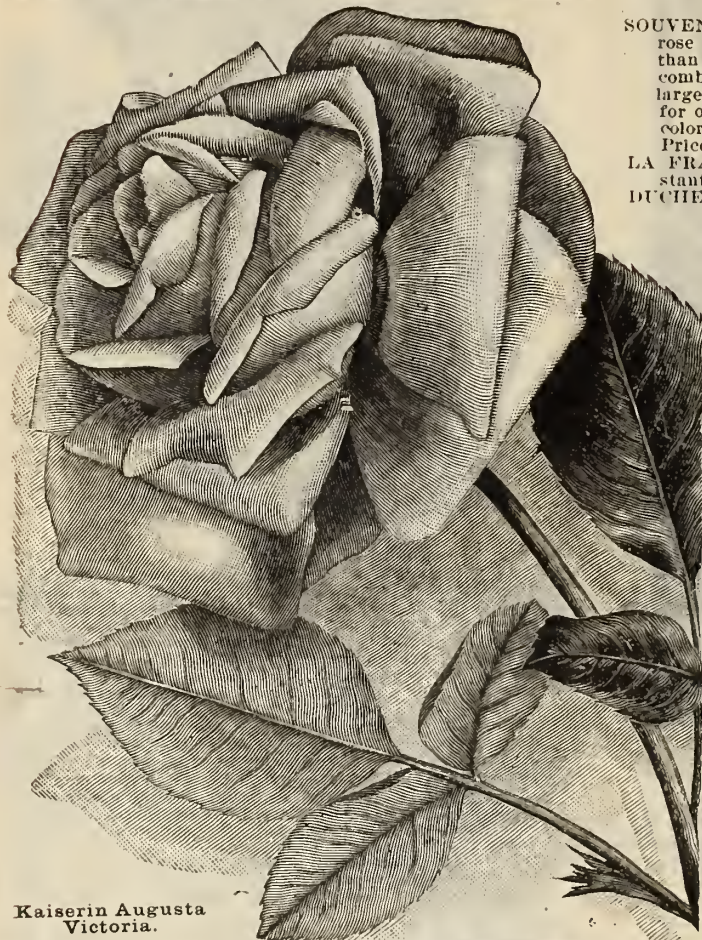

The truly royal variety of these popular creepers; quite new and distinct from all others; six for \$1; small plants, 10 and 15 cents each.

The Grand 19th Century Rose Collection.

For Winter Blooming.

The below mentioned roses are unquestionably the cream of winter-blooming and forcing varieties. No collection of winter-blooming plants is complete without a few if not all of these fine everblooming roses. We have grown a fine

stock of these just for this purpose, therefore cheerfully say we are in a position to fill your entire wants in this line in the best manner. We select only such varieties as have been tried and proven satisfactory.

Kaiserin Augusta
Victoria.

THE AMERICAN BEAUTY. It is impossible to find words of praise enough to show this splendid rose in its true light—it simply speaks for itself—and no greenhouse or conservatory is complete without this variety. 25 cents.

PERLES DES JARDINS. The only yellow rose in our estimation for everblooming culture; no place or collection is complete without this variety. 25 cents.

GOLDEN GATE. This magnificent rose is a cross between the old greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both, it is vastly more beautiful than either. It is a strong healthy grower, excellent for both bedding and house culture. Produces a profusion of long-pointed buds, opening to very large double roses of creamy white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. 25c each.

LA BELLE SIEBRECHT. To describe this is very difficult. We have cut blooms from one-year-old plants six and seven inches in diameter, and fragrant. Nothing equal to it. We predict this to become one of the finest roses for cut flowers. 25 cents each.

PAPA GONTIER. A lovely tea rose. The blooms are large and long with thick, broad petals of darg carmine crimson; the inner petals are bright rosy carmine. The most popular forcing rose of its color. 25 cents.

SOUV. DE WOOLTON (Hybrid Tea). One of the best of red forcing roses. Very fine and of easy culture. 25 cents.

SOUVENIR DU PRESIDENT CARNOT. This grand new rose has taken more medals and certificates of merit than any other rose. It is a beautiful rose for forcing, combining strong vigorous growth with long stemmed large flowers of great substance; makes a splendid rose for outdoor planting; perfectly hardy and of good habits; color of flowers light pink, edge of petals, flesh color. Price, 50 cents each.

LA FRANCE. A light-satiny rose, very sweet and a constant bloomer; 25 cents.

DUCHESS OF ALBANY. A very deep pink satiny shade; a sport of the La France; habits the same; very sweet and a decided acquisition. 25 cents.

BRIDESMAID. A deep shade of pink; profuse bloomer; a sport of the Mermet; 25 cents.

CATH. MERMET. A light shade of pink; free bloomer and a rose for the masses; 25 cents.

THE BRIDE. A fine, delicate and handsome rose, white and very free bloomer; one of the finest white roses in cultivation; 25 cents.

THE METEOR or Velvety Rose. A very dark velvety variety; blooms very freely, especially in the fall and early spring; requires, though, a high temperature, which sometimes is not advisable to give, especially when different sorts are grown in one house; 25 cents each.

WHITE LA FRANCE. Another rose only recently introduced, has taken first rank as a number one money maker. It blooms like its parent, La France, of most exquisite delicate tint of flesh, when fully open almost white, therefore called the white La France; a most intense fragrant rose, considered the most fragrant of all forcing roses. 25 cents each.

KAISERIN AUGUSTA VICTORIA. The latest white rose out flowers borne on long, straight stiff stems and by odds the most stately growing rose in cultivation continuously in flower; 25 cents.

Will furnish this entire collection of 15 roses complete with strong, thrifty stock, for \$3.50.

American Beauty Rose,

HARDY SHRUBS AND TREES.

For the want of space we are compelled to condense our list of Hardy Shrubs, Vines, Plants, etc. We therefore give a list of the principal varieties which should be planted in the fall. If you should desire other than listed varieties we would respectfully refer you to our illustrated Catalogue of this past spring.

HYDRANGEA PANICULATA GRANDIFLORA.

The flowers are formed in large white panicles, 9 inches long, which change to a deep pink at the base as the season advances. It grows 5 to 7 feet high and wide, and, as the flowers slightly droop, few plants have the grace and beauty of this grand shrub. Used largely in cemeteries. Strong bushes, 1½ feet high, 25c; \$2.50 per doz.; 2½ to 3 feet high, 50c, \$4.50 per doz.; 3 to 4 feet high, 75c, \$7.50 per doz.

EVERGREEN TREES AND SHRUBS.

In transplanting evergreens, great precaution has to be taken never to let the roots dry out at any time.

ARBOR VITAE.

AMERICAN. Strong grower, attains a height of fifteen feet one and two feet. 25 to 50 cents each.

GOLDEN. Beautiful light golden green; globose in form; 25, 50, 75 cents and \$1.

HOVEYI. Dwarf, globose, golden tinge, very hardy; 10, 25, 50, 75 cents and \$1 each.

SIBERIAN. Hardest, compact, dark green; best for hedges. 15, 25, 50 cents and \$1 each.

PYRAMIDALIS. An exceedingly beautiful bright variety, resembling the Irish Juniper in form; foliage deep green; color well retained in winter; perfectly hardy. Should have a place in every collection. 15 to 50 cents.

BOX TREES AND EDGING ROWS.

BOX TREE. Can be retained in any desired form by shearing. 10, 25, 50, 75 cents, \$1 each.

BOX DWARF. Only fit for edging. Per dozen, \$1; per 100 \$4; 10 cents each.

CYPRESS.

(Cupressus.)

LAWSON'S CYPRESS (Lawsonian). A rare evergreen from California. One of the most graceful of all evergreens. 25 to 50 cents each.

NOOTKA SOUND CYPRESS (Nuthkaensis). Thuopsis Borealis, erroneously a very fine evergreen from Nootka Sound; one of the best. Foliage dark green, perfectly hardy. 25 to 50 cents each.

EUONYMUS.

EUONYMUS JAPONICUS. Hardy south of Kentucky; very ornamental; also useful for hedgeplant. Per dozen, 75 cents per hundred, \$5; 10, 25 and 50 cents each.

EUONYMUS. Gold and silver variegated, same as above, except color of foliage. Per hundred \$3; 10, 25 and 50 cents each.

ABIES EXCELSA (Norway Spruce). Most popular evergreen tree of perfectly pyramidal habit; one of the best evergreens for hedges; from six inches to five feet in height. 10, 25, 50, 75 cents and \$1 each.

For windbreaks no other tree offers the same advantage; also an historical tree, on account of its ancient use as a Christmas tree, all over the world.

ABIES CANADENSIS (Hemlock or Weeping Spruce). An elegant pyramidal tree, with drooping branches and delicate dark foliage. It is a beautiful lawn tree, and makes a highly ornamental hedge. From six inches to three feet. 15, 25, 50, 75 cents to \$1 each.

FIR.

(Picea.)

BALSAM, OR AMERICAN SILVER (Balsamea). A very regular symmetrical tree assuming the conical form even when young; leaves dark green above; silvery beneath; one to three feet; 25, 50, 75 cents to \$1 each.

NORMANNIANA. This is a symmetrical and imposing tree; the warm green of the young shoots contrast finely with the rich, deep color of the old foliage; the best of the silver firs; rare and fine. \$1 to \$2 each.

ASHBERRY

(Mahonia.)

HOLLY LEAVED (Aquifolia). A beautiful shrub, with smooth shining leaves, covered with bright flowers in May, and a profusion of blue berries in Autumn. 25 to 50c each.

PINE.

AUSTRIAN. Quick strong growing; foliage dark green, needles very long. Fine for windbreaks; grows well on light sandy soil. 25, 50, 75 cents and \$1 each.

SCOTCH. Same as above, but needles shorter; also very useful for all purposes.

PINE, WHITE (Strobilus). The most ornamental of all our native pines; foliage light, delicate, or silvery green flourishes in the poorest soils. 25, 50 to 75 cents each.

RETINOSPORA.

(Japanese Cypress.)

A genus very similar to Cupressus. It comprises many sorts of wonderful beauty. They are natives of Japan and

very few will endure the rigor of our winters without protection. Wherever they can be preserved they will amply repay the efforts made. The small varieties are exceedingly desirable for indoor culture in pots.

PLUMOSA. A variety with fine, short branches and small leaves. The soft, plume-like appearance of the foliage gives it its name. 25, 50 cents to \$1 each.

PLUMOSA (AUREA). One of the most striking and desirable little plants of recent introduction; habit of growth compact, with branches and leaves of beautiful golden yellow. 25, 50 cents to \$1 each.

YEW.

(Taxus.)

ERECT ENGLISH (Bacata Erecta). A very fine pyramidal variety of the English yew, with dark green foliage; hardy and desirable. 50 cents to \$1 each.

ELEGANTISSIMA. A beautiful tree of small, dense habit; leaves striped with silver, frequently turning to light yellow. 50 cents to \$1 each.

AUCUBA JAPONICA.

GOLD DUST TREE. A small, beautiful shrub with curious, gold-blotched leaves; needs protection in winter.

FOEMINA PICTA. A fine variety, with broad yellow markings.

LANCEOLATA. A desirable variety with deep green lance-shaped leaves. 10, 25 to 50 cents each. Hardy south of Kentucky.

MACULATA MAScula. Leaves long and narrow, irregularly toothed; color deep green.

HOLLY.

HOLLY AMERICAN. (Ilex Opaca.) Deep green, shining foliage, strong, symmetrical growth, covering itself with red berries with age. 25 to 50 cents each. Large two feet, \$1; three to four feet, \$2 each.

Too much can not be said in praise of this beautiful hardy evergreen shrub, growing North or South equally well; with age it attains a very large size, covering itself with beautiful red berries.

JUNIPER.

JUNIPER, IRISH. Erect and formal in habit, foliage, deep green and very compact, making a splendid column sometimes fifteen to twenty feet high. Much used in cemeteries. Four to six inches, 15 cents; \$1 for eight 35 cents each. 12 to 15 inches in length.

JUNIPERUS SABINA. Dark green, creeping, effective as cluster on the lawn. 25 to 50 cents each.

HARDY AND ORNAMENTAL SHADE TREES.

No premiums allowed with trees, but we make no charge for packing.

Large-size trees can be sent by freight and express only, but we can furnish small size trees of any below named for twenty cents each.

Our collection embraces many more rare and beautiful trees, of which our stock is limited.

Prices and names can be given on application.

ALDER (Anus). European, a tree of rapid growth; fine foliage; will thrive anywhere. Ten to twelve feet \$1 each.

ASH WHITE. A rapid growing native tree, of fine symmetrical outline. A valuable street or park tree, and should be extensively planted for timber. Eight to twelve feet, 50 cents to \$1 each.

ASH, MOUNTAIN (European). A fine, hardy tree; head dense and regular; covered from July till winter with great clusters of bright red berries. 25, 50 cents to \$1 each.

BIRCH, SCOTCH. European, White Birch, most beautiful of trees; the Lady of the Woods, five to ten feet: 50 cents to \$1 each.

BIRCH, BLACK. A native of our forest; looks like a cherry tree. 25 to 50 cents each.

BEECH, AMERICAN. The greatest of American trees in size, symmetry and durability. Six to ten feet. 50 cents to \$1 each.

BEECH, PURPLE LEAVED. This makes an elegant medium sized tree for the lawn, the foliage in the spring is a deep purple, later changing to crimson, and in autumn a dull purplish green. 75 cents to \$1.50 each.

CATALPA SPECIOSA. Attractive for its foliage as well as flowers. 25, 50 cents to \$1 each.

ELM, English. Eight to twelve feet. 50 cents to \$1 each.

ELM, AMERICAN. Eight to twelve feet. 25, 50 cents to \$1 each.

ELM, WING OR CORK. A corky substance growing on limbs, very grotesque. 50c to \$1 each.

DIOSPYROS VIRGINIA (Persimmon). This curious fruit ripens perfectly here. Tree very handsome; 6 to 10 feet, very fine in bearing. 50 cents to \$1 each.

DOGWOOD. White flowering (Cornus Florida), growing wild in our woods; very showy in bloom. 25, 50 cents to \$1 each.

LARCH.

(Latin European.)

EUROPEAN. An excellent, rapid-growing pyramidal tree; also valuable for timber. Small branches drooping. 20 to 50 cents each. Large trees, \$1 each.

LINDEN.

LINDEN (American or Basswood). A rapid-growing beautiful tree, with very light leaves and fragrant flowers. Eight to twelve feet. 50 cents to \$1 each.

LINDEN (White-leaved European). A vigorous growing tree, medium size; pyramidal form, growth and foliage make 1 tone of the most ornamental trees. Ten to fifteen feet. 75 cents to \$1.50 and \$2.00 each.

LINDEN OR LIME TREE.

(Tilia.)

WHITE-LEAVED WEEPING (Alba Pendula). A fine tree with large leaves and drooping branches. \$1.50 to \$5 each.

CYPRESS.

(Cupressus Disticha.)

A beautiful foliage tree with peculiar characteristics; it is well adapted to wet land, but thrives as well as on well-drained soils. 25 to 50 cents each.

MAPLE.

MAPLE (Norway). A native of Europe. A large, handsome tree, with broad, deep green shining foliage; very desirable for street, park or lawn. Ten to twelve feet. \$1 to \$2 each.

We have a fine stock of young trees six to eight feet in height, light enough to be shipped by express, and recommend this tree to all our customers; it is the ne plus ultra of a lasting ornamental tree. Six to eight feet, 75 cents to \$1 each.

MAPLE SACCHARINUM (Sugar or Rock). Very popular American tree, and for its stately form and fine foliage, justly ranked among the best, both for the lawn and avenue. Ten to fifteen feet. 50 cents to \$1.50 each.

MAPLE RUBRUM (Scarlet). A rapid-growing tree with red flowers very early in spring. Ten to fifteen feet. 50 cents to \$1.50 each.

MAPLE (Silver-leaved). A hardy, rapid growing, native tree of large size. Valuable for producing a quick shade. Excellent for street planting. Ten to fifteen feet. 50 cents to \$1.50 each.

MAPLE (Acer). Weir's Cut-leaved. Laciniate. A silver maple with remarkable and beautiful dissected foliage. Of rapid growth; shoots slender and drooping, giving it a very graceful appearance. Should be in every collection. 75 cents to \$1 each.

MAPLE (Ash-leaved Box Elder). A hardy native tree of rapid spreading growth, with ash-like foliage. 25, 50 cents to \$1 each.

MAGNOLIA MACROPHYLLA.

A tree of striking appearance, almost tropical effect; leaves and flowers very large; superb as an isolated specimen. \$1 to \$1.50 each.

MAGNOLIA ACUMINATA (Cucumber Magnolia). A beautiful pyramidal tree, attaining a height of from fifty to eighty feet; has bluish-green leaves six to nine inches long. Five to seven feet. 75 cents to \$1 each.

MORUS ALBA (White Mulberry). "Silkworm M." Six to eight feet. 25 to 50 cents each.

RUSSIAN M. A new sort with much better fruit. Six to eight feet. 50 cents each.

OAK.

CORK. A fine European species, with rough, cork-like bark. \$1 each.

PYRAMIDAL. A variety of very compact, upright growth; a most desirable variety. \$1 each.

SCARLET (Coccolneal). A native species of rapid growth and pyramidal outline; especially fine in autumn when the foliage changes to a bright scarlet. 50 cents to \$1 each.

PAULOWNIA.

IMPERIALIS. From Japan; leaves immense; a foot or more across; a magnificent tropical looking tree. \$1 each.

POPLAR.

POPLAR (Lombardy). A native of Europe. Remarkable for its erect growth and tall, spire-like form. Ten to fifteen feet. 30 cents to \$1 each.

POPLAR (Silver-leaved). A tree of rapid growth and spreading habit. Leaves glossy-green above and white as snow beneath. Ten to fifteen feet. 35c to \$1 each.

POPLAR (Carolinian). Pyramidal in form, robust growth, leaves large, serrated. Ten to twelve feet. 50 cents to \$1 each.

We wish to call especial attention to this rapid growing shade tree, especially for planting in the streets of large cities, where gas will kill almost any other sort of tree. This one seems to be proof against all the dust and dirt of city planting.

POPLAR (Balsam, or Balm of Gilead). A remarkable rapid growing tree, with luxuriant, glossy foliage. Ten to twelve feet. 50 cents to \$1 each.

WEEPING TREES.

ASH, GOLD BARK. Very showy, ten feet. \$1.50 each.

BIRCH (Cut-leaf Weeping). Trunk straight, slender, white as snow, branches hanging in long, pendulous threads from a great height, leaves finely cut; a universal favorite; three to four feet, 75 cents each; six to seven feet. \$1 each.

BEECH (Weeping). A distinctively picturesque tree, the branches make curious curves downward and outward, the leading shoot grows upward each year, for half its length then turns suddenly down, when of sufficient age, few trees can equal it in effect, four feet. \$1 each.

CAMPERDOWN W. ELM (Elm, Weeping). A variety of English elm that grows horizontally and then downward, a fine tree on a lawn, strong specimen, high grafted; eight feet. \$1.50 to \$2 each.

CORNUS FLORIDA PENDULA (Weeping Dogwood). This new and very beautiful weeping tree has all the good qualities of the common Dogwood, with perfectly drooping habit and the upright leading stem of weeping beech; few weeping trees have so many good qualities. \$1 each.

TEAS, WEEPING RUSSIAN (Mulberry). One of the most graceful and hardy weeping trees in existence; forming a perfect umbrella shaped head, with long slender willow branches drooping to the ground parallel with the stem; in light, airy gracefulness it is without a rival. \$1 each.

MOUNTAIN ASH (Weeping). A curious, irregular, contorted tree, with handsome red fruit; six to seven feet. \$1 each.

MAPLE (Weir's Cut-leaf Weeping). This is a tree of great beauty, graceful and imposing, and of extremely rapid growth, with foliage of most exquisitely cut outlines. Six feet, 50 cents; eight to fifteen feet, 75 cents to \$1.50 each.

KILMARNOCK WEEPING WILLOW. A vigorous tree and very popular; when grafted low, it makes a fountain-like pyramidal tree of great beauty; when grafted high, its drooping branches make a very unique umbrella form. 75 cents each.

POPLAR, WEEPING. Very effective, stems eight feet high. \$1.50 each.

WILLOW.

SALIX, BABYLONICA. The true historical Weeping Willow, very effective. 50 cents to \$1 each.

WILLOW (Laurel-leaved). A splendid ornamental small tree, with large, glossy, laurel-like foliage. Eight to ten feet. 50 cents to \$1 each.

MISCELLANEOUS.

TULIP TREE (Liriodendron). One of the handsomest of native trees, stately grown, beautiful foliage. Eight to fifteen feet. 50, 75 cents to \$1 each.

SALISBURIA ADIANTIFOLIA (Maiden-hair Tree). This tree deserves more general cultivation for its picturesque growth and foliage, cleanliness, etc. Six to eight feet. 75 cents to \$1 each.

SWEET GUM (Liquid Amher). Beautiful native tree, richly colored foliage. Eight to twelve feet. 50 cents to \$1 each.

TAXODIUM DISTICHUM (Bald Cypress). Our only hardy species. Three feet. 50 cents each.

GYMNOCLADUS CANADENSIS (Kentucky Coffee Tree). Two to three feet. 50 cents each.

JUGLANS CINERA (Butternut). A beautiful and very fast growing tree, with a tropical looking foliage and valuable nuts. One to two feet. Five feet, 50 cents each.

NIGRA (Black Walnut). A noble tree of the handsomest appearance, and greatest value. Three feet, 25 cents each. Six to eight feet, 25, 50 cents to \$1 each.

ENGLISH WALNUT. Three feet. 50 cents each.

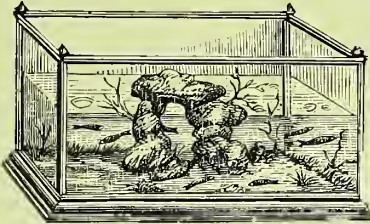

AESCULUS PAVIA (Dwarf Horse Chestnut). Large shrubs with glossy foliage and splendid spikes of blossoms, very showy and desirable. Stout bushes with flower buds,

A Complete List of Fruits and Ornamental Trees and Grape Vines and Small Flowered Shrubs Mailed FREE on Application.

Which can be shipped to all parts of the Country with
Perfect Safety.

GOLD FISH, AQUARIAS, SUPPLIES, Etc.

Gold Fish and Globe or Aquaria should be in every home. There is no pet which requires so little attention and gives so much pleasure, for so little an outlay. During the winter they may be exposed to the light and even slight frost, as they can stand freezing without particle of injury. During the summer, however, they should be kept in shady places and shallow water, with a little feeding every two or three days, and, perhaps, changing the water several times a week, they can be left to themselves without further care.

Gold Fish, medium size, 25c; large size, 50c each.
Japan Fan Tail Gold Fish, medium size, 50 cents each.
Silver Fish, medium size, 25c each.
Pearl Fish (pure white and speckled sides), 35 to 50c each.

AQUARIAS.

Aquarias, all sizes and shapes. A complete assortment always on hand. Also glass fish globes for hanging or standing.

Round Glass Globes, for hanging, 6 inches, with chain, \$0 50
Round Glass Globes, for hanging, 7 inches, with chain, 75
Round Glass Globes, for hanging, with chains, 9 inches in diameter 1 00
Standing Glass Globes, 10 inches in diameter, 1 25
Standing Glass Globes, 12 inches in diameter, 1 50
Standing Glass Globes, 15 inches in diameter, 2 00
Square Aquarias, 28x12x11 inches, of cast iron, holding 5 to 6 gallons of water, 10 00
Japan Tinned Aquarias, in three sizes, from 10 to 24 inches long, \$2 to \$6 each.
Aquaria Ornaments, Floating Fish, as Swau, Ducks, Alligators, 25c to 50c each. Fish food, 10c per package; Gravel, 10c per package; Aquaria plants, 10c each, 3 for 25c.

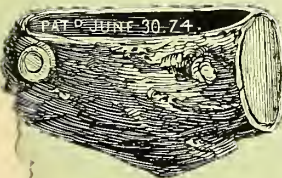

STANDARD FLOWER POTS.

The pots we offer are the best for the following reasons: We are the largest consumers in the South, and have made the best. They are smooth, uniform shapes, porous clay, well baked and tough. There is no breakage. They must not be confounded with blistered, irregular shapes of little better than sun-dried material. Perhaps cheaper in the beginning, but dearer in the end. Make a test yourself and be convinced.

They are full inside measurement, height and width, which makes them at least one size larger than by the old way of measuring.

THE MOST BEAUTIFUL LAWNS

May be procured by sowing our Pure Kentucky Bred Lawn Grass Mixture Seed. Being in the heart of the bluegrass region, we, therefore, are fully prepared to furnish the genuine article. We handle nothing but the very best, free of adulterations and weeds. 25c per lb.; \$3 per bushel.

"TYRIAN" PLANT SPRINKLER.

The "Tyrian" Plant Sprinkler is without question, one of the most useful and most handy articles about the house, not only for the sprinkling of plants and flowers, but also used for sprinkling the floor and even clothes when ironing. This sprinkler should therefore be in every home. When using same for plants and flowers, especially when applying insecticides for the destruction of insects, we would advise to unscrew the head in filling same; but when water is used, by the pressing of said sprinkler, and placing in a vessel of water, it refills itself. We therefore advise everybody to get one which will last years. Small size by mail, 85c each; large size, \$1.10 each, postpaid.

FANCY JARDINIERS.

We constantly keep in stock a full line of fancy flower pots, all sizes and styles, imported and domestic, which are especially adapted for parlor and saloon decorations. These come in all sizes from 6 inches in diameter to 18 inches, ranging in price from 50 cents, \$1, \$1.50, \$2, and upwards. Nothing sets off a fine palm or blooming plant more than to have same set into a fancy vase. Therefore, when such plants are used, we would consider it advisable and most tasty to have one or more of same. By stating what size and price vase you wish, we will select the finest for the money.

Hyacinth Glasses, tall and low style, 20c each; \$2.25 per dozen.

Fern Dishes, imported, round and oval, \$1, \$1.50, \$2.00 and upward, each. We carry a fine assortment of same in stock. French Immortelles or Everlasting Flowers, in original bunches, red, white, blue, purple, yellow, black, 35c each.

Our Stock of Metal Designs for cemetery decoration is most complete; for want of space, we will mention only a few styles and designs. These can be shipped any distance at little cost. These designs are composed of metal leaves, porcelain flowers, such as Roses, Camellias, Pansies, Geraniums, Tuberoses, Jessamines, Hyacinths, etc.

Wreaths, 12 inches, \$1.50; 14 inches, \$2 each and upward.

Crosses, 12 inches, \$1.50 and \$2; 15 inches, \$2.50 each and upward.

Anchors, \$1.50 to \$5 each; Stars, Gates Ajar, Harps and many other designs.
